Ironform Holdings, Co. (“Ironform”), a Chicago-based metal fabrication company with facilities in Texas, Missouri, Virginia, Washington and Illinois, announced the acquisition of SF Tube Pipe & Bending, Inc. (“SF Tube” or the “Company”) on Friday November 13, 2020.

SF Tube is an industrial manufacturer specializing in bending and fabrication of metal tubing primarily providing complex tubular welded assemblies to leading manufacturers in transit bus, aviation and defense industries. SF Tube was founded in 1987 and is headquartered in Hayward, CA.

“SF Tube has built an impressive reputation as a trusted tier 1 supplier in the metal fabrication industry and is well positioned to enhance Ironform’s tube fabrication capabilities” said Terry Wogan, CEO of Ironform. “Our goal is to continue to build on the customer relationships while leveraging our Lean operating model.”

About Ironform: Ironform’s seven manufacturing facilities offer redundant machine capacity in light and heavy fabrication, large format stamping, assembly and custom sequencing. All served by a seamless enterprise IT platform and unified Standard Work protocols. With the largest Engineering staff in the business, Ironform offers fast business quotation turnaround and unparalleled and scalable launch capability.
